Mr. Acheson is a Registered Architect with 17+ years of experience in the building and design industry. Kirk's prior role as the resident staff architect for one of the largest Christian camps in the US, Pine Cove, Inc., has allowed him to be personally involved with the end user and general contractor. The projects have ranged from master planning to small remodels and additions. In 2000 Kirk prepared for and ultimately passed the registration examinations while working in Round Rock, Tx. During this time he was able to work on many projects for government, municipal and religious clients. He now serves as the lead Quality Control / Quality Assurance Supervisor for Total Engineering Services, LLC.
